## The Event

The *Call of Music* is ETM-CO's annual fundraising event—an unforgettable evening where **music, community, and generosity** come together in support of Colorado students.

On April 23, join us at **Number Thirty Eight**, a vibrant venue in Denver's RiNo Art District, for an elevated **live concert** with exceptional **food and drinks**, along with a thoughtfully curated **auction** featuring unique items and experiences.

The night will feature **MTN LION**, a funk collective powered by members of **Lettuce** and **The Motet**. Their sound is raw and exploratory—driven by deep grooves and improvisation.

## The Call

**Music calls us from within**, a fire that warms us, a cloud that carries us away. Faster than reason, deeper than words. **It is an innate gift meant to be awakened in every child.**

Yet **many students** in our schools still **lack access to music education**. That's why ETM-CO partners with under-resourced schools **to make music a core part of every child's education.**

**Every dollar** raised through this event directly determines our ability **to sustain programs and reach more than 4,000 students** from marginalized communities. Answer the call—and let it echo back in our schools.

Education Through Music—Colorado is a 501(c)(3) nonprofit organization.
